

Dear parents and carers,

We have enjoyed having parent helpers in for reading – thank you, this is such a big support for the children and their teachers. It has also been great to have face to face consultations this week. I hope these have worked well for you.

We continue to have positive COVID cases with pupils and staff but thankfully few and far between. We will keep a close eye on this.

If anyone is interested in ever volunteering at lunch time play – please let us know – we are fully staffed but parent help would be something the children would enjoy.

As I write the sun is shining which is putting us all in a positive mood.

is anyone  
doing anything  
about this?

am I the only  
parent worried  
about this?

why can't  
this work  
better?

how can  
I get people to  
listen?

If you have more questions than answers about services for your child with special educational needs and/or disability (SEND), come and talk to us.

We are all parents like you. We understand.
